Grading Tables

Issued post 2005 Scottish Championship Contest

Points To Note

1. Due to the amalgamation of Broxburn Silver and Livingston bands reducing the number of bands in the 1st section to nine only one band will be relegated from sections 1, 2 and 3 this year. With two bands being promoted from sections 2, 3 and 4 this will have the effect of bringing the 1st section back to ten bands whilst maintaining the current numbers in sections 2 and 3 and reducing the number of bands in the 4th section by one.
2. In accordance with section (g) of the Grading Rules the average calculation for the 3rd section for the year 2004 takes into account that there were only eleven 3rd section bands registered to compete in that year. This affects the grading points of Dunfermline Town, Newlands Concert, Shotts St Patricks Brass and Selkirk Silver, being the bands promoted from the 4th section and relegated from the 2nd section in that year.
